MICHIGAN

\$43,650–\$103,620

**NORTHWESTERN
MICHIGAN**

- Salary information from O*net

Erin's advice for getting into Ed Tech:

Experience as an educator is imperative for this role. You need to know the inner workings of a classroom, be a good listener and seek to understand, often through asking good questions. Identifying if being a teacher is a good fit whether it's through internships, student aide positions, etc. would be a great place to start.
