MICHIGAN

\$30,670–\$116,060

**NORTHWESTERN
MICHIGAN**

- Salary information from O*net

**Ken's example that you never know what may be
useful for you in the future:**

A great example would be in my 10th grade Biology Class we learned how to read and write legal descriptions for property. I can remember telling my teacher I would never use that again. I literally use it every day in my career. Legal descriptions are used to determine the size of property and the boundaries which are critical in determining value.
